

CVI introduces cleanable silver mirror coatings

June 13, 2005, Albuquerque, NM

CVI is pleased to announce the introduction of a cleanable silver coated mirror. The new coating will be made a standard coating for the PS protected silver mirror product line. The silver coating is available world-wide and manufactured in two locations: the Isle of Man and in Albuquerque, New Mexico.

“We are pleased to offer this improved coating,” says Bob Soales, VP of Sales and Marketing. “Our customers have long asked for a cleanable silver coating. We are also pleased with our ability to rapidly ramp up production capacity in several facilities world-wide to produce this product.”

CVI is a leading manufacturer of optical components, providing engineering, rapid prototype delivery, high volume production, and system integration for challenging optical requirements. Headquartered in Albuquerque, New Mexico, CVI operates manufacturing facilities in North America, the British Isles, and South Korea with sales representatives and distributors located worldwide.
